Imperial Properties are proud to be advertising this soon to be completed stylish villa. Being located on a corner plot of almost 2000 square metres and having some 766 square metres of living space makes this property quite unique. This extremely well built villa consists of 5 double bedrooms with en-suite bathrooms, all of which have high quality appliances. The property is extremely luminous due to the amount of double glazing used in this quality build. The open plan design means that the lounge dining area and kitchen boasts over 120 square metres and leads out onto the south facing terrace overlooking the landscaped garden and the swimming pool. This property has an integral lift which serves all floors, a four car garage is constructed beneath the villa and all plans can be viewed at our office. Sol de Mallorca is one of the most desirable areas due to its tranquility but within walking distance to many beaches. A fifteen minute drive will...
