0 BATHROOMS

315M²

30.000M²

IN PROCESS

Great 30.000m² plot of land with a property in need of renovation. Located on the outskirts of San Isidrio, in the province of Alicante, with amazing 360 degree views of the surrounding areas. The property comes with electric and water connected, and is situated on a quiet road with other beautiful, rural houses. The land is within a short five minute drive of the town providing all the necessary amenities. Both the land and the property have great potential and we recommend booking a viewing with one of expert agents!

key features
