In the South Eastern part of Mallorca, close to the most famous beaches of Balearic islands, a brand new development under construction is prepared to be finished soon in the village of Ses Salines. The community offers 2 and 3 bedroom dwellings: duplexes with a roof top solariums, ground floor apartments, and top floor penthouses with private solariums on the roof. The homes will have an air-to-air heat pump air conditioning system via ducts and grilles with split units concealed in the false ceiling. An air source heat pump produces the domestic hot water, a private parking space with a pre installation for the electric charger, community swimming pool. Being close to ES TRENC, SA RAPITA AND SES COVETES, - you will be able to enjoy at maximum the nature and incomparable coastal feeling of Mallorca. Contact us for the current availability, building specifications, floor plans.
